#### Description

Total Approved Budget : Php 100,000.00

Upgrading of NWPC Website by redesigning

- Responsiveness - equally practical on all types of devices and doesn't lose its usability when a new hot gadget is introduced to the market
- Flexible visuals - use of responsive containers that automatically resize based on screen dimensions, scaling the image as well
- Fluid Grids - adjust web content in proportion to the browser window
- Frictionless Sharing
- Must comply with the standards of accessibility contained in W3C WAI (World Wide Web Consortium Web Accessibility Initiative) level A Guidelines
- All codes on the site should conform to W3C (World Wide Web Consortium) specifications
- Design must be easy to administer and update
- With at least two (2) years subscription of development platform, if necessary
- All third party software (e.g. plugins) and subscription details used in the development shall be transferred to NWPC at the end of the contract
- Conduct of training for web administrators/designers/ developers and technical staff in managing and maintaining the website
- Upgrading should be completed within two months from receipt of materials and/or access to the existing site

#### Search Engine Optimization:

- The website should be accessible to search engine spiders and be coded with good on-page search engine optimisation.

#### Style and layout:

- Site style should incorporate our corporate colours and logo.
- A common navigation bar should be included on all pages
- Emphasize usage of photo/video optimization software to reduce file size and make the website load much faster.
- Use of semi-parallax design in the home page

RTWPBs subpage:

- Each RB shall have a subpage where it can post its Board Resolutions, Notice of Meeting, trainings, etc.

Accessibility

- Website must adopt the Web Content Accessibility Guidelines (WCAG 2.0) as the accessibility standard for all its related web development and services. WCAG 2.0 is also an international standard, ISO 40500. This certifies it as a stable and referenceable technical standard.

Ownership:

- website output and documents/files used for the project shall be transferred to NWPC and shall become NWPC property

Other Features:

- Must setup data collection/statistics for website analytics
- Must add data privacy and cookie collection consent notification
- Must adhere to iGoVPH's website design standards.
- Must have quick pop-ups and timed pop-ups to provide promotional content/organizational events

General Qualifications:

- A full stack web developer/s (front and backend) with at least three (3) years of experience in the design & development of web applications and use of relational databases coupled with web frameworks
- Expert in design attributes and content categorization, must provide guidelines for standardization of content to comply with responsive web design principles
- Experience and extensive use of Content Management Systems particularly WordPress, Joomla, Drupal or any other modern CMS
- Strong skills in designing interactive responsive user interfaces
- Ability to analyze and critique requirements and make recommendations on possible solution design
- Ability to complete work independently, incorporate client feedback, and deliver on time

> Submit/attach complete valid procurement documents (preferably in Portable Document Format/PDF) as required by 2016 Revised Implementing Rules and Regulations of RA 9184 and other GPPB issuances as follows:

1. Mayor's Permit and PhilGEPS Registration number upon submission of quotation.
2. Notarized Omnibus Sworn Statement (for Corporation submit Notarized Secretary's Certificate).

> Non submission of the required documents on time would mean disqualification

NOTE: FULL PAYMENT SHALL BE THRU BANK TRANSACTION. PREFERABLY WITH LANDBANK ACCOUNT, OTHERWISE BANK CHARGE SHALL BE FOR THE ACCOUNT OF THE WINNING BIDDER
